

D3O® BP4 L1

D3O® BP4 L1

D3O® uses patented, patent-pending and proprietary technologies to make rate-sensitive, soft, flexible materials with high shock absorbing properties.

The D3O® BP4 L1 offers a highly breathable, durable back protector that exceeds CE Level 1 certification.

An exceptionally soft and flexible back protector, the BP4 is the most breathable back protector on the market, delivering 34% more breathability than the next best competitor.

The fabric loophole positioned at the top of the part allows the more accurate positioning of the protector within the jacket. The tapered outer edges allow for a closer, more comfortable fit to the wearer, and also create less visual read through once inside of the garment.

PRODUCT FEATURES

- D3O® patented technology
- Certified to exceed performance requirements of EN 1621-2:2014 (Level 1) in ambient, wet, optional cold (-10°C) and winter sports (-20°C)
- UKCA Certified
- For winter sports: certified as suitable for use at temperatures down to -20 degrees
- Highly ventilated geometry for increased breathability
- Lightweight design for wearer comfort
- 5 sizes available
