

D3O® LP1 COMPACT

D3O® LP1 COMPACT

D3O uses patented, patent-pending and proprietary technologies to make rate-sensitive, soft, flexible materials with high shock absorbing properties.

The D3O® LP1 Compact is part of the the most advanced breathable limb protector range engineered by the experts in impact protection at D3O. Utilising a new tri-ventilation technology, the LP1 Compact delivers a 45% improvement in breathability while maintaining superior high-performance, soft and flexible D3O® impact protection properties.

High levels of humidity are strongly linked to rider discomfort. The enhanced ventilation featured in the LP1 Compact increases air passage and moisture flow from the body through the pad to maximise comfort in warm conditions, without sacrificing performance.

The LP1 Compact is ideal for those wanting a smaller pad due to smaller limb size or the need for increased freedom of movement, including women, youth or mountain bikers.

PRODUCT FEATURES

- Tri-ventilation for superior breathability
- CE certified to EN 1621-1:2012, Level 1, including optional cold and hot conditions
- UKCA Certified
- Type A coverage
- Manufactured in a highly durable material
- Temperature stable

TRI-VENTILATION TECHNOLOGY FOR SUPERIOR BREATHABILITY

INCREASED AIR PASSAGE AND MOISTURE FLOW

DURABLE, LOW PROFILE AND LIGHTWEIGHT

SIMPLE INTEGRATION
