

GHOST™ Met Guards

Metatarsal Protection

Mitigate Fear. Prevent Injury.

D3O’s dilatant materials are designed to absorb and dissipate energy in response to blunt force impact.

The thinnest, most flexible, and breathable met guard solution on the market. D3O® Ghost™ Met Guards revolutionize the traditional approach to metatarsal protection.

Replacing the need for bulky and stiff end-products, they flex and stretch to conform to the complex contours of the foot, enhancing comfort and fit while offering unmatched protection for workers.

Product Features

- Thinnest met guard solution by D3O
- Extreme flexibility through segmented geometries
- Ultimate breathability & airflow
- Temperature stable
- Enhanced ergonomics & fit
- Options available for both lightweight (6mm) & heavy duty (10mm) footwear
- Fabric backing allows easier boot integration compared to traditional met guards
- Pass EN and ASTM industry metatarsal protection standards dependent on boot construction

GHOST™ Met Guards
