

D3O® CONSUMER CARE INSTRUCTIONS

STORAGE

D3O® products should be stored at room temperature, in a ventilated dry place, out of direct sunlight. Do not store under heavy objects. Do not store in extreme temperatures. If wet after use, ensure your D3O® product is dry before storing. Never fold your D3O® product.

WASHING / DRYING

If applicable, D3O® protectors should be removed carefully from the garment before washing. D3O® protectors are wipe-clean only, using a damp cloth. NEVER use cleaners or detergents on or launder your D3O® product. This may result in irreparable damage and will severely reduce the effectiveness of your D3O® product. After washing, allow to dry in a ventilated space at room temperature; do not use hair dryers or other heaters to dry your D3O® product.

MAINTENANCE

Never modify any part of your D3O® product. Protectors should be inspected before use for signs of wear and/or damage and replaced if necessary. If your D3O® protector has sustained a significant blunt impact, it should be discarded and replaced. Please note: No personal protection equipment can offer complete protection against all injuries. The user hereby agrees to absolve the manufacturer of all liability in respect of any personal injury. D3O® component shape must be maintained at all times.
